

**The Email Address Line has been moved to the main Customer Information Screen (“A” Screen).**

- Your Grapevine F&I software version must be 4.5.01 or newer for this change. (9.5.01 for Infiniti dealers).
- Buyer and Co-Buyer email fields are now available at the last line of both the Buyer and Co-Buyer information. See Below.
- Infiniti Dealers will see any email address entered into these lines also appearing on the email line of their RDR screen.
- The Salutation and Suffix lines have been combined to make space for this additional line.
- If email address does not appear on your “A” screen then your software may still need to be updated. Please contact Data Consultants technical support at 1-800-284-8469.
